- with international search report
 - before the expiration of the time limit for amending the claims and to be republished in the event of receipt of amendments
 - with (an) indication(s) in relation to deposited biological material furnished under Rule 13bis separately from the description
- For two-letter codes and other abbreviations, refer to the "Guidance Notes on Codes and Abbreviations" appearing at the beginning of each regular issue of the PCT Gazette.

(54) Title: LACTIC ACID PRODUCING BACTERIA AND LUNG FUNCTION

(57) Abstract: The present invention provides novel use for live (probiotic) lactic acid producing bacteria, dead or non-viable bacteria thereof, as well as food supplements, nutritive compositions and/or pharmaceutical compositions comprising these, for the treatment or prophylaxis of lung dysfunction in a subject. A suitable lactic acid producing bacterium has a significant beneficial effect on airway narrowing determined by measuring the enhanced pause value (Pen₆₀) of a test animal.
